Faris Outrider *· Sand Kingdoms · Eldfall Chronicles*

Size	STA	SPD	OFF	DEF	ACC	INT	AG	T	ARM	HP	M
Medium	2	5	14	11	8	13	12	13	1	2	12

Classes

Artificer. During their Strategic phase, Artificers may select an Enchantment Spell available to them and apply its Effect to themselves, without performing a roll, until their next Strategic phase.

Rogue. Once per Activation, on at least one successful Hit against the target, a Rogue may perform one AG roll. If successful, the Rogue's Hit gains Knockdown.

Traits

Affinity (Elder). A model with this Trait can cast (Elder) Spells. (For example: Elder = fire, water, profane, etc.)

Survival (Scorching Environment). This model is not affected by the Scorching Environment.

Skills

Stealth. When this model activates it does not provoke a Reaction from enemy models that do not have LoS to it, regardless of whether this model is within an enemy model's Awareness or not.

Follow Up. If an enemy model disengages from this model, this model may move up to its halved SPD value towards the disengaged model.

Taunt. When this model performs a Movement, it may force enemy models with LoS to this model or within whose awareness this model enters, to perform an INT roll. Every enemy that fails needs to declare a Reaction.

Spellcrafts — Art of Enchanting (Level III)

Spell	Lvl	Element	Type	PW	RCH	STK	Effect
Arcane Shield	I	Elder	Spell, Enchantment / Ranged	—	16	1	Enchanted model gains +4 to its ARM value. This bonus cannot increase a model's ARM value above 6. In addition, Critical Hits scored against this model do not ignore ARM.
Spectral Blade	II	Elder	Spell, Enchantment / Ranged	*	16	1	Target gains: Ignore Armor and Stagger
Hasten	III	Elder	Spell, Enchantment / Ranged	—	16	1	During the Strategic phase, the enchanted model may perform a Normal Movement and then remove the enchantment.
Burning Touch	I	Fire	Spell, Enchantment / Melee/Ranged	⚹	16	1	Target gains: Sweep I; Burn 1. This enchanted model may declare Assist Action and remove Bleeding State from an allied model in Base Contact.
Featherlight	II	Air	Spell, Enchantment / Ranged	—	16	1	Target gains +2 SPD.
Formless Edge	I	Air	Spell, Enchantment / Ranged	*	16	1	The enchanted model's Melee Attacks gains + 2 RCH and Knockback 2.
Protective Currents	III	Air	Spell, Enchantment / Ranged	—	16	1	Attacks at the enchanted model suffer -4 attacking modifier. If the enchanted model is Hit, this Enchantment is removed, but all enemy models within 3" of the enchanted model suffer a Hit with Knockback 3, but no damage.
Melting Touch	II	Fire	Spell, Enchantment / Ranged	*	16	1	Target gains: Ignore Armor; Burn 1.
Flameskin	III	Fire	Spell, Enchantment / Ranged	*	16	1	A model that attacks the enchanted model and is within 1" suffers a hit with Power (PW) 10 and the Burn (1) trait. If this hit wounds the attacker, this Enchantment is removed.
Cutting Chill	I	Water	Spell, Enchantment / Ranged	*	16	1	Enchanted model's Melee Attacks gain +2 PW. When the enchanted model hits a target with a Melee Attack, the target becomes Immobilized State.
Mirror Bubble	II	Water	Spell, Enchantment / Ranged	*	10	1	When the enchanted model suffers a Hit from a Melee Attack, the attacker must perform an AG roll. If it fails, the attacker suffers a STK 1 Hit with PW equal to its own Attack. Afterwards, this Enchantment is removed.
Ice Shield	III	Water	Spell, Enchantment / Ranged	—	16	1	When performing a DMG roll against the enchanted model, the attacker must first perform a DMG roll against ARM 5. If successful, the attacker must then make another roll against the enchanted model's default ARM, but with PW-3.

Inventory

Inventory space: 5

Item	Qty	Cat.	PW	RCH	STK	WGT	Effect
Sword	1	Weapon	T	1	STA	1	—
Arcane Lantern	1	Accessory	T	—	—	1	The wearer gains Vigilance. Shrouded and Intrigue States within the Wearer's Awareness are canceled.
Dagger	1	Weapon	T-3	0	STA	0	Throwing. +1 STK when used against a model in Crouched State.

Glossary

BURN (X). When a model suffers at least one Wound with this Trait, the attacking player may perform an X amount of Damage Rolls with ARM value 0. Every successful Damage Roll causes the model to suffer a Wound. If this wound causes a model to become Dead (State), the model is removed from the field.

Bleeding. A model in this state must perform a Toughness roll in its every Strategic phase. A failed roll causes the model to suffer a Wound.

Crouched. The Hitbox of a Crouched model becomes the size and volume of its base. While in this state, the model's Speed and Armor value is halved and its Attack Strike value becomes 1. Crouched models cannot make other models Engaged (state). During the movement step, a model in this state may only declare Walk or Idle. In the Active role, this state may be voluntarily canceled during the model's movement step. This state may also be canceled with a Dodge.

Ignore Armor. A Hit with this Trait reduces the target's ARM to 0 for the duration of the Damage roll.

Immobilized. A model in this state cannot perform any Movement,Special Movement or Special Action. This state can be canceled with a successful Dodge, which may be performed either with Agility or Toughness. When it declares Dodge, it cannot move or enter/cancel the Crouched state, unless it performs a successful Dodge.

Knockback (X). A model Hit with this Trait is moved from the point where its Movement ended during the Movement step. It is moved for X inches away from the attacker at the end of the Resolution step (exact direction is the attacker's choosing). This Trait does not affect models two or more Sizes larger than the attacker.

Knockdown. A model that suffers a Hit with this Trait becomes Crouched (State). This trait does not affect models two or more Sizes larger than the attacker.

Shrouded. While a model is in this state, it is represented on the field by a Shrouded token. A model in this state cannot be a target of Actions other than Perceive (note that Dodge Action does not have a target, so it is a valid Reaction). The Shrouded state is automatically canceled if the model declares a Normal action (other than Nothing) or Special Action. Performing an Attack in this state reveals the model, but grants the Surprise Attack trait to its Attack. The model and its profile that are being concealed by the Shrouded token are considered secret information. The player who controls the model is not obliged to disclose the model's identity and its profile to other players as long as the model remains in this state. Note: Shrouded models retain all of their Skills, Traits, Size, etc.; however, this information is not publicly disclosed. The model has 360° Line of Sight (LoS).

Stagger. A model that suffers a Hit with this Trait loses 1 Activation Point (until the end of the turn). This Trait does not affect models two or more Sizes larger than the attacker.

Sweep. On a successful Attack roll, all models within this model's LoS and Melee Reach suffer a Hit.

Throwing. An Item with this trait enables a Ranged Attack with RCH equal to the user's T. The STK value can be up to the Quantity of the Item. Upon use, remove QTY of the item equal to the STK, even if the Attack is unsuccessful. If the Attack incapacitates or kills the target model, you can recover the Item by making Base Contact with the target.

Vigilance. This model is immune to the Surprise Attack Trait. This model's Front arc extends to 360°. This model does not have a Back arc.
